---

I have been asked to host a show on the “We ROAR” network once a week, produced by the good April Reigne.

No commercials. No restraints. No shock-jocks selling storable food, seeds, and guns while yelling that you are all going to die! And no doomsday predictions to pressure your purchase. Remember, I have nothing to sell.

The show will be called “A World Without Gray”, and will air Thursdays from 4-6pm Pacific Time Zone.

It all starts tomorrow, January 24th, and you can listen live at:

<http://weroar.ws/>

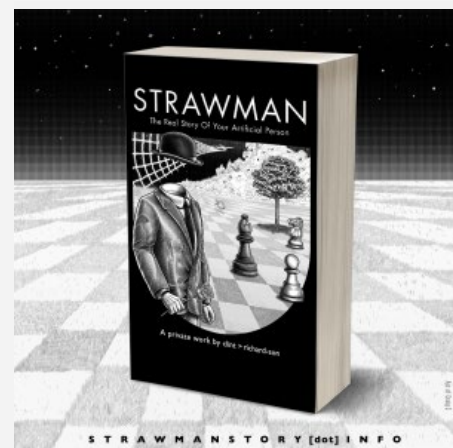

Or you can listen on iTunes or media players with the link on this page.

My special guest will be free man Burt of Colorado ([onlyfreemen.com](http://onlyfreemen.com)), bringing you the law as you’ve never heard it before!!! Is marijuana illegal? Are guns as “arms” controlled? The answers will certainly surprise you.

Check back here for this show’s archive. I’ll be posting the show each week in a new post.

Tune in and let’s deconstruct the world in black and white.

Good luck. Normally it wouldn't matter, but you might want to make that title here "weekly" not "weakly" as I'm sure you're presenting strong arguments for the topics you're discussing.

As I was processing information I heard on your first radio show and researched links/youtube suggested, I was thinking, a "re-enactment" of a life of a strawman vs freeman vs citizen. Side by side, same situations and what it will mean for each. Crap, I wish I was closer to you, 'cause I am willing to participate and play the role, learn and educate others.

You have also mentioned Cannabis Sativa (Industrial Hemp) and Cannabis Indica (Marijuana, a plant containing 9-delta tetrahydrocannabinol – a hallucinogenic property), I have been a lone soldier educating local public and at one time I have had a display at the local library. Another info regarding the Industrial Hemp in connection to "Alcohol Prohibition" which led to prohibiting people from growing

THEIR OWN FUEL for automobiles that became affordable to the general public. Can you imagine growing your own fuel????!!!! Alcohol prohibition was NOT about alcoholism, which was rampant in that era, but about cheap competition to Dupont.

Perhaps the most important concept in legal language is this:

YOU ARE DEAD!!!

That is, your person...

**DEATH...** 20. Death is also divided into **natural and civil**.

21. Natural death is the cessation of life. 22. **Civil death** is the state **of a person** who, though possessing natural life, has lost all his civil rights, and, as to them, **is considered as dead**. A person convicted and attainted of felony, and sentenced to the state prison for life, is, in the state of New York, in consequence of the act of 29th of March, 1799, and by virtue of the conviction and sentence of imprisonment for life, to be **considered as civilly dead**.

While a man is alive, his person is dead. And government needs your dead person because it cannot abuse you, the man. You can't harm the rights of a dead person, and so you are dead at birth when the certificate of birth.

Understand this, and you understand why government is such a bastard, and why what it does to violate your rights is perfectly legal.
