Lethal Injection Part 2 Coming Soon

shows and for trailers for this audio/visual book. I doubt very much the final video will be allowed to be posted and played without being censored, and so please keep this channel handy for updates and to learn how to receive this video offline (free and not for profit), most likely on a thumb drive that you can pass out in activism.

About the project: I'm trying something new. This is not your typical movie or documentary, it is in fact a resource book designed to be listened to and watched, an 40? hour audio/visual experience not before attempted as far as I know, and therefore breaking all the rules of brainwashing and control that keeps us dumbed down through 10 minute memes and popular culture. It will make you laugh and cry, like seeing the (secular) world for the first time. This is a book that you don't have to read because I'm reading all of their studies and information to you. It is a PHD course in medicine and pharmaceuticals, eugenics (now "genetics") and its source in university syndicalism and their patents, chemical/biological weapons, drugs in the military, the truth about the proven effects of toxic metals as ingredients and adjuvants, and will prove without a doubt the connection of drugs and vaccines to all modern disease states, drugs impossible to acquire without a doctors prescription (iatrogenic/doctor-caused harm and death). It will expose the Truth behind a most heinous and extreme fallacious lie – **that doctors in fact do not take any official oath to do no harm**, and certainly not the Hypocritical oath. And it will show the history of doctors and nurses promoting every unhealthy, cancer-causing, recreational and illicit drug as a "cure-all" from cigarettes to methamphetamine, cocaine to speed, alcohol to canibus. Most importantly, this is an attempt to preserve the history of what is fallaciously labeled as the anti-vaccination movement, from its satiric beginnings against mandated vaccines with cow pus (pox) to its now almost completely censored attempts to educate and use science to help people make educated choices, and to prevent the same catastrophes caused by the mandated inoculations of the past.

In the end, my intention is not only to end any debate about the harm caused by inoculation, but to place all the pieces of the puzzle into one undeniable, inarguable master class, revealing 100's of their own studies and publicly unspoken knowledge of the well-documented harm (side-effects) they have caused, including all the players, good and evil, that complete the puzzle once and for all. In this way, I hope to preserve all the efforts of all of us that have publicly fought this fight and suffered the consequences and censorship of blowing the proverbial whistle.

You'll be shocked at what I've put together, and your suspicions will either be verified or disproven... or you will find the Truth to be much stranger than the fictions you've been led to believe. This project is the nuclear bomb to end this foolish world war of willful, institutionalized ignorance and outright, provable lies.

Please help me to get this new youtube channel out there by sharing it and this blog, and either copying or embedding these trailers anywhere you can find them a willing home. Remember, no permission is required to copy, quote, use, and repost my works, ever.

The working, most likely final title? Exactly what it is: ***Lethal Injection: A Corruption Of Blood***

All your jobs are in the healthcare industry. But they all go to immigrants. My brother was one of the top computer programmers in America. An Israeli company bought the company he was working for and replaced him with a Hindu Sikh. He never recovered. The only groups lobbying and financing for liberal immigration are Jewish groups. Jews run these nursing homes which I called “extermination centers for white people”. None of these doctors ever talk to me. I’m always talking to some Puerto Rican or Asian immigrant with English translation problems and cultural problems. They are complicit in the genocide of white people. They are pushing elderly out of their beds at these rehabs. Then they say they fell out. They are taken out of the rehab shipped

over to the hospital into the other filthy disgusting staph infected shithole so they get even sicker. They tried to do an emergency hip replacement on my 91 year-old father. If I didn't intervene he would be dead. I have to make death threats right up to their face and have the cops arrest me because nobody fucking listens. I'm getting fucking tired of it. Government is shit. This country is a Jewish dictatorship. Some call it communism, I call it satanism. These cocksuckers are getting away with murder at extermination rates. Whole towns that used to be white or now crawling with Mexicans and immigrants. The new Shabbos goy.

I'm unhireable because I'm white. Not that there is any meaningful work anyway at a living wage; importing and selling junk. There is white genocide going on in this country right now. And nobody is saying anything except me. We are talkin extermination rates of 5,000 Americans a day every day. Guaranteed they're mostly White. The blacks they're not that far behind. They are next. It's obvious the commander-in-chief cannot secure the Border. He is utterly spineless. They probably have him on videotape raping children from Epstein's Island.

If you are white you are slated for extermination and to be replaced by an immigrant.

3) The purpose of Gentiles — to serve Jews:

“Goyim were born only to serve us. Without that, they have no place in the world — only to serve the People of Israel.”

“In Israel, death has no dominion over them... With gentiles, it will be like any person — they need to die, but [God] will give them longevity. Why? Imagine that one's donkey would die, they'd lose their money.

“This is his servant... That's why he gets a long life, to work well for this Jew.”

“Why are gentiles needed? They will work, they will plow, they will reap. We will sit like an effendi and eat... That is why gentiles were created.”

“Wars are the Jews harvest, for with them we wipe out the Christians and get control of their gold. We have already killed 100 million of them, and the end is not yet.” (Chief Rabbi in France, in 1859, Rabbi Reichorn.)

I'll allow your vulgar comment only because I did a show about what a modern, so-called “jew” actually is — the Royal bloodlines. Replace the word “Jew” above with the word Royal bloodlines and your comment is a true one, the goyim (national citizens) serve the Elite line of the Kings of

Europe. This is the subject of my next post on the fallacy of racism, that the only true racism is the difference between royal (noble) and ignoble blood, which when considered pure, is called “white.” Maxx, you mistakenly call yourself “white” when you are not, because the term has nothing to do with skin color, and everything to do with untainted blood (from the perspective of their geneological bloodline inheritance). Jewishness is, by its nature, the definition of eugenics. Everyone should read “Jewish Eugenics” by John Glad to understand.

Here’s my show on the subject:

Post on racism coming in the next few days. Until you know your enemy you cannot defeat it.

Good shows from atleast 20 yrs ago Bill Cooper called “British Israelism” 2 parts on Youtube. Big difference between Jew and the Political Zionists agents of the Crown, Israel is a British Colony just like USA, “Jews” have always been agents for the Royalty forbidden to own land and used to manage and control the finances, hell WW2 started as an economic battle between England and Germany the Jews were tasked with disrupting the German economy and way of life, Hitler wanted them out but the Political Zionists didnt want them either unless they brought all the German wealth they accumulated with them, not to mention they started propagating the 6million agenda almost 20 years before the war even started, pre planned to sacrifice their own to further their Political agendas.

Clint can also post videos on Vimeo and also add to Archives.org, as long as the video is not monetized they “Youtube” doesnt really care usually BUT with Google having a pro vaccine agenda now its a roll of the dice.

Canada did have a “pretty good” and fully funded Universal Health Care System between 1970 and 1981 BUT.....with the Reduction in the Federal Rate of Corporate Taxation from 49% on profits greater than \$250,000.00 in 1949 to today’s 15% on profits greater than one million, Universal Public Health Care here in Canada is not what it used to be and not what it should be.

You are correct Maxwell, but they had all the same induction of poisons, the same masquerade, the same crass commercialism of everything found in the USA – tying into health and ‘agri’culture – (growing of our so called food) roundup was being sprayed in 1980 , corrupting the health of both farmer and consumer as well as all life around the fields. Just one of hundreds of examples of the ‘dualism’ yeah a ‘system’ to provide an ‘EZ chair’ while you are suffering – but NO education , NO wisdom , NO passing down of proper values of how to create a healthy body – mind – soul – community and removing the fear of Yahweh from the public as well corrupts . To rely on the system , is death, no matter how pretty it looks. Cheers.

Hey Clint, I sometimes hear your older shows on UCYTV (they don't tag them with a date though..) I re-listened to part of a show with A.True OTT February 14, 2014 – and remembered you had him on for a stretch.. but he's promoting the ‘hologram’ as life / quantum narrative.. did you ever call him out for all that? Or did he just kind of fade away? When you read his CURRENT bio , he says he's a god -(indirectly) – “(A.True Ott) developed a patent-pending drinking water (((product))) that attaches free electrons to the Hydrogen and Oxygen molecules in ultra-pure, medicinal grade water – making it negatively charged (extra ‘free electrons’” what a load of horse shit. IF someone developed some sort of life saving ‘water’ (which fundamentally water is by God) – it would be criminal to patent it. Does this man not have morales?

Greetings... I've not spoken to True in a long time. I'd say it was me that faded away, not him, though no choice of my own. And I'm sure people speak the way you are speaking of him about me, without KNOWING the facts. Such is the way of modern social media. That said, what I can say about True is that he was more responsible for enlightening me on Reality than anyone else I can think of. It was he that showed me how water can be burned, with a water torch, which would absolutely end the energy crisis, and which he powered his boat engine with nothing but water. It was he that made me understand nutrition and no-one is more copied and plagiarized on the subject than True. It was him that quit his family church (Mormonism) and exposed it for what it is, and subsequently was told by the church officials to stop "practicing medicine" and curing cancers and other diseases because it was effecting the financial bottom line of the church, which at the time still owned all the hospitals, and cures don't make money. And I witnessed first hand two events, one being a conference that the film was stolen and so never shared, the last time Ted Gunderson spoke publicly and revealed amazing things, and also when he was publicly attacked by... shit, what's his name, the fraud Len Horowitz and his girlfriend. I owe True a debt of gratitude for teaching me many things.

Before you dismiss him or his patent pending "product" above, be sure to go to the source not listen to all the detractors. He is attacked all the time, and when it started happening to me as well, it only strengthened my respect for the guy.

That said, I have not kept up with him or anyone for that matter for a number of years, so I cannot make any statement about your claims above. We all can fall for different parts of the grand delusion sometimes, myself included, and if he is promoting what you say then I would openly denounce it. But I have no time for it, honestly. My relative obscurity nowadays comes from openly calling out many people in the so-called truth movement, so I have no desire or need to further alienate people, especially someone I respect.

Clint, thanks for your detailed response. I appreciate your words on a few levels, mostly because you had a direct relation with him at one time. Not throwing out the baby with the 'bath water' so to speak, I'm sure you can understand the divide that can cause with 'products of monetary gain – attached to a 'message' Alex Jonestown sure does hahah. Do you know if he has a family relation to John Nash Ott ? John Ott did work in the field of light frequency dynamics. Have a
